MAY 30, 2023

Riga Time 10:00 a.m.

PROJECT RESULTS DISSEMINATION CONFERENCE

ADDRESS: PULLMAN RIGA OLD TOWN HOTEL (JĒKABA STREET 24, RIGA)

The conference is organised by HOTEL SCHOOL Hotel Management College, Latvia

The International Applied Research and Project Results Dissemination Conference is aimed to present the developed teaching and learning materials for hospitality learners with a review of suggested ways of operating within the hospitality sector post-Corona with a specific focus on the Nordic/Baltic countries including **Latvia, Denmark, and Iceland**.

The invited Conference Speakers enlighten the post-pandemic practices to recover within the hospitality and M.I.C.E. industry, and how the post-pandemic impact and time period will shape the hospitality and M.I.C.E. markets in years to come.

The presented Handbook "Business Models post Corona in the Hospitality Sector" (2023) demonstrates how to collect and update economic, financial information on the hospitality industry sector and operating companies within the industry. The Handbook provides a practical example of the 10-step analysis of the business models with the proposed score system including industry analysis, development of the interview framework, proceeding interviews with the managers, analysis of the collected qualitative and quantitative data, bringing comparative discussion and conclusion about the operations within the three different external environments as Latvia, Denmark, Iceland.

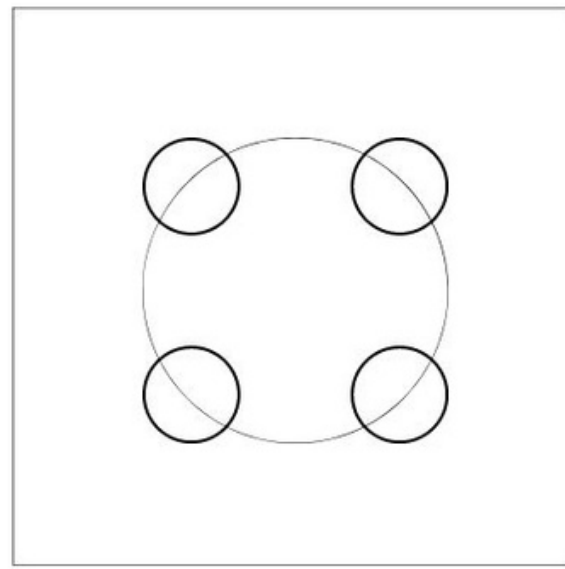

The broad target group for the use of the developed materials are adult learners from hospitality companies, students on higher educations and continuous vocational learners who study hospitality management and business in the project organisations, as well as outside of the organisations, as the materials are shared as open resources for wider use and applicability. Additionally, a significant target group is the DMO's (destination management office) and other operators in the Nordic/Baltic countries that work with tourism and who have been affected by the impacts of the Corona Pandemic.

Project Partners:

Dania Academy (DK), University, College, Denmark, www.eaDania.dk

HOTEL SCHOOL Hotel Management College (LV), Latvia, www.hotelschool.lv

Meet in Reykjavík (IS), Iceland, Governmental Organization, the official Convention Bureau for Reykjavik City and surroundings, www.meetinreykjavik.is
